# Welcome to Bleuvant Global

Bleuvant Global operates at the intersection of the energy and mining sectors, connecting producers, refineries, and industrial buyers across the globe. With a focus on refined petroleum products and high-grade bauxite ore, we bring deep commodity expertise, operational excellence, and fully managed CIF transactions - ensuring that every deal is executed reliably, transparently, and efficiently.

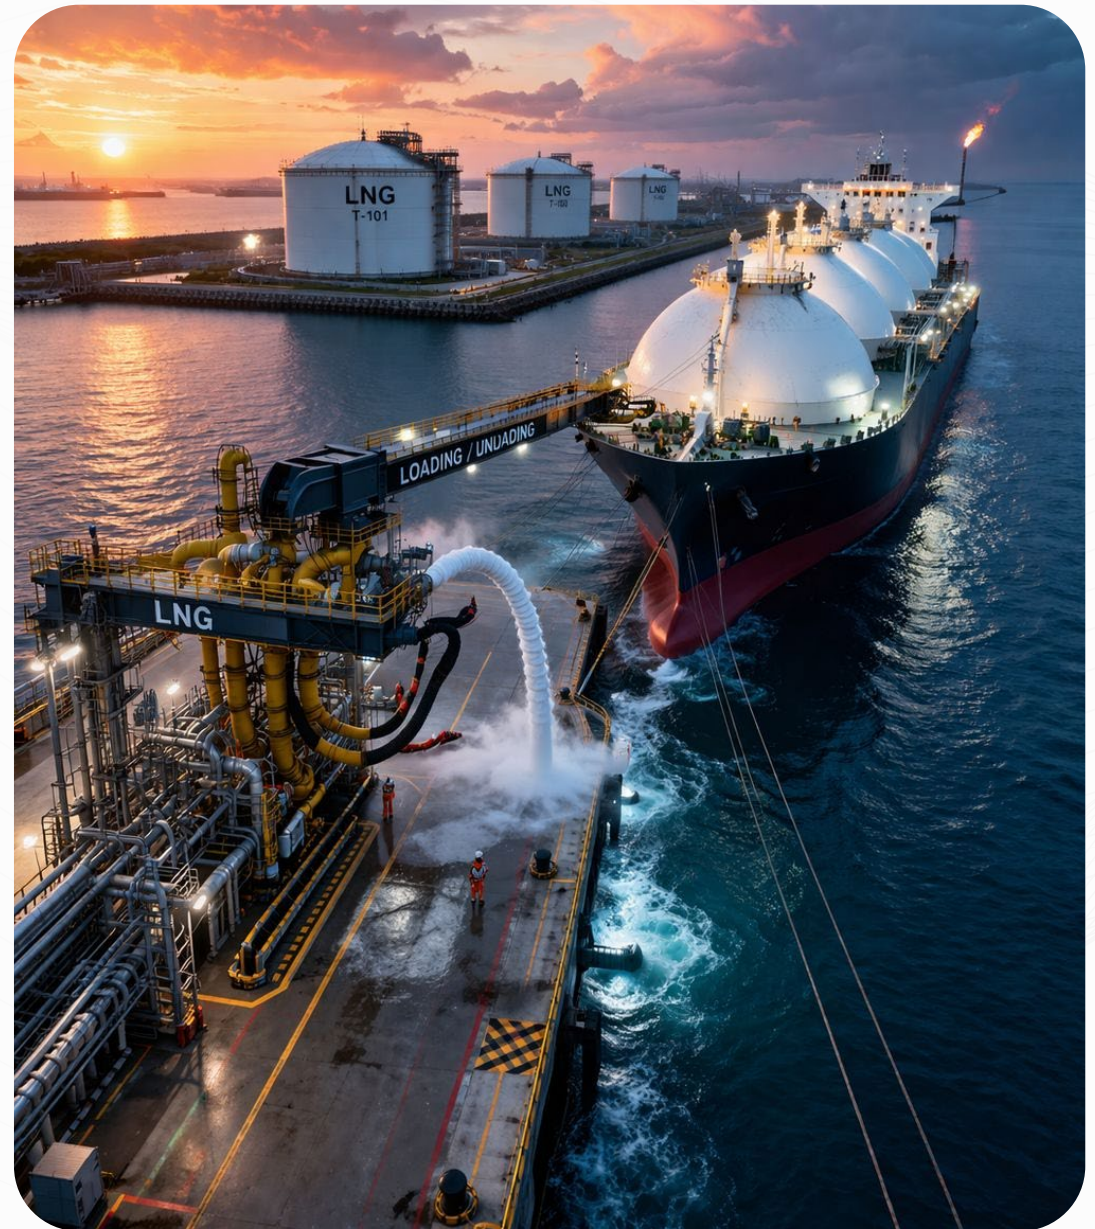

# The Story Behind Bleuvant Global

Bleuvant Global was established in Dubai to bridge the gap between commodity producers and end-buyers across high-growth markets. Headquartered on Palm Jumeirah, we operate at the crossroads of the Middle East, Africa, and Europe - leveraging the UAE's position as a global trading hub to deliver petroleum products and bauxite ore to buyers who demand reliability and transparency.

Our approach is built on direct supplier relationships, expert CIF management, and a commitment to full documentation integrity. We handle every element - from supplier negotiation and freight booking to insurance placement and port delivery - so our clients can focus on their operations.

Every transaction is a promise - to deliver quality, to manage risk, and to create value for our clients worldwide.

# Company Overview

Bleuvant Global is an international commodity trading company focused on refined petroleum products and bauxite ore. Our expertise in CIF transactions allows us to manage freight, insurance, and documentation on behalf of buyers, removing complexity and delivering commodities safely and reliably to their designated ports.

With a strategically focused portfolio and direct supplier relationships, we combine operational excellence with market insight - ensuring every transaction is precise, transparent, and trustworthy.

# Our Products & Commodities

## Refined Petroleum Products

**LPG:** High-energy propane and butane blend used for cooking, heating, and industrial applications. Delivered via pressurized tankers and bulk systems.

**Gasoline:** Grades from 87 to 95 octane for passenger and light-duty vehicles. Delivered per international standards.

**LNG:** Cooled natural gas for power, industry, and transport. Low-emission, high-efficiency energy solution for growing markets.

**Diesel (EN 590):** Heavy-duty fuel for transport and industry, compliant with ultra-low sulphur regulations. Our flagship petroleum product.

**Jet Fuel (Jet A-1):** Aviation-grade fuel with strict freeze point, flash point, and energy density controls.

**Heavy Fuel Oil (HFO):** Marine and industrial boiler fuel, available VLSFO compliant.

**Mazut (M-100):** Residual fuel oil for industrial heating and power generation, widely traded in Eastern Europe, Asia, and Africa.

**Bauxite Ore (Guinea Origin):** High-grade ore with low silica and high aluminum oxide content. Supplied under a direct offtake agreement with Guinea's largest mining operator. Delivered via bulk carrier vessels on CIF terms, fully managed by Bleuvant Global. Ideal for aluminum smelters, refineries, and industrial buyers seeking a secure, long-term supply.

# The Bleuvant Global Trade Process

## • Inquiry & Initial Discussion

Submit your requirements; receive product availability, indicative pricing, and preliminary terms.

## • Soft Corporate Offer / Full Corporate Offer

Formal document detailing specifications, price, quantity, delivery terms, and payment conditions.

## • Contract Negotiation & Execution

SPA signed per international trade standards and INCOTERMS 2020.

## • Payment Instrument

Accepting LC, SBLC, TT, or mutually agreed methods.

## • Freight, Insurance & Logistics

Full CIF management, ensuring timely and secure delivery.

## • Documentation

Commercial invoice, bill of lading, certificate of origin, inspection certificates, and insurance certificate.

## • Delivery

Commodities arrive at the buyer's port; risk and title transfer per CIF terms.

# Why Choose Bleuvant Global

## **CIF Transaction Expertise:**

Seamless end-to-end delivery.

## **Direct Supply Relationships:**

Reliable refineries, fuel suppliers, and mining operators.

## **Compliance & INCOTERMS 2020:**

Legal and commercial certainty.

## **Independent Inspection:**

SGS, Intertek, and Bureau Veritas certified quality.

## **Transparent Documentation:**

Full and accurate shipment records.

## **Focused Product Portfolio:**

Deep expertise in refined petroleum and bauxite.

## **Responsive & Professional:**

Senior-level engagement from inquiry to delivery.

# Global Reach & Markets

From our headquarters in Dubai, Bleuvant Global serves buyers & suppliers across key energy & mineral corridors. Our geographic focus allows us to maintain direct relationships with refineries, mining operators, & port authorities in each market we serve.

## Middle East & UAE

- Dubai (Headquarters)
- Jebel Ali & Fujairah ports
- Regional refinery access

## West Africa

- Lome, Togo
- Kribi, Cameroon
- Conakry, Guinea (Bauxite)
- Lagos, Nigeria

## Europe & Mediterranean

- Turkey (Iskenderun)
- European discharge ports
- Rotterdam benchmarks
- EU-spec product supply

## Key Trade Corridors

- UAE / Middle East Refineries ---> West African Discharge Ports (EN 590, Jet A-1, Gasoline)
- Guinea (Conakry) ---> European & Asian Aluminium Smelters (Bauxite Ore, CIF)
- Mediterranean Sources ---> Turkish & North African Buyers (HFO, Mazut, EN 590)

### Marine Insurance Partners:

# Compliance, Standards & Risk Management

- All trades comply with INCOTERMS 2020 and international trade standards.
- Independent inspection for quality and quantity certification (SGS, Intertek, Bureau Veritas).
- Marine cargo insurance is included in every CIF shipment.
- Documentation integrity and risk management ensure buyers' peace of mind.
- All products sourced exclusively from non-sanctioned jurisdictions.
- Full KYC/AML compliance on all counterparties.

# Connect With Bleuvant Global

Whether you are seeking refined petroleum products or high-grade bauxite ore, Bleuvant Global is ready to deliver trusted, seamless, and transparent transactions. Complete our Trade Inquiry form or reach out directly:
